BRANCH BUDGET

The State/Executive Branch Budget Bill continues services and statutory programs in fiscal biennium 2006-2008 based upon extending the reduced fiscal year 2005-2006 funding level as revised by the Governor's fiscal year 2005-2006 Budget Stability Initiative. This initiative is projected to contribute \$142,500,000 to the General Fund during fiscal year 2005-2006.

The State/Executive Branch Budget Bill, Part X, Phase I Tobacco Settlement, includes the following language provisions:

"Agricultural Development Initiatives: Fifty percent of the MSA payments, less the above enforcement appropriations, received in fiscal year 2006-2007, estimated to be \$44,312,500, and in fiscal year 2007-2008, estimated to be \$46,912,500, is appropriated to the Kentucky Agricultural Development Fund to be used for agricultural development initiatives."

"MSA Appropriation Adjustment: The Consensus Forecasting Group reduced the fiscal year 2005-2006 Phase I Master Settlement Agreement revenue forecast from the enacted estimate of \$108,600,000 to \$91,300,000, a reduction of \$17,300,000. The revenue estimate reduction was based on the high probability of an adjustment for nonparticipating manufacturers. To accommodate this reduction in estimated revenues, the following fiscal year 2005-2006 appropriations are hereby reduced in accordance with 2005 Ky. Acts ch. 173, Part X, (5)."

"Tobacco Settlement Funds - Allocations: Notwithstanding KRS 248.711(2), and from the allocation provided therein, counties that are allocated in excess of \$20,000 annually may provide up to four percent of the individual county allocation, not to exceed \$15,000 annually, to the county council in that county for administrative costs."

The State/Executive Branch Budget Bill, Part IV, State Salary/Compensation and Employment Policy addresses increments, retirement, health insurance, and personnel complement.

The State/Executive Branch Budget Bill, Part I, Operating Budget includes language provisions that directs:

"Kentucky Agricultural Finance Corporation: Notwithstanding KRS 247.978(2), the total amount of principal which a qualified applicant may owe the Kentucky Agricultural Finance Corporation at any one time shall not exceed \$5,000,000."

Governor's Office of Agriculture Policy

"Tobacco Settlement Funds - Allocations: Notwithstanding KRS 248.711(2), and from the allocation provided therein, counties that are allocated in excess of \$20,000 annually may provide up to four percent of the individual county allocation, not to exceed \$15,000 annually, to the county council in that county for administrative costs."

The State/Executive Branch Budget Bill, Part I, Operating Budget, includes new funding initiatives above the base and defined calculations, in the amount of \$1,870,100 in General Fund (Tobacco) and Restricted Funds of \$54,400 in fiscal year 2007-2008 for an increase in the grants. Additional funding adjustments in fiscal year 2005-2006 includes a reduction in the General Fund by \$898,000 for debt service on the \$17,000,000 Bond Funds, allocated to the Kentucky Agriculture Finance Corporation enacted in House Bill 267. These funds are no longer required due to recent litigation.

BRANCH BUDGET

The State/Executive Branch Budget Bill continues services and statutory programs in fiscal biennium 2006-2008 based upon extending the reduced fiscal year 2005-2006 funding level as revised by the Governor's fiscal year 2005-2006 Budget Stability Initiative. This initiative is projected to contribute \$142,500,000 to the General Fund during fiscal year 2005-2006.

The State/Executive Branch Budget Bill, Part IV, State Salary/Compensation and Employment Policy addresses increments, retirement, health insurance, and personnel complement.

The State/Executive Branch Budget Bill, Part V, Funds Transfer, includes transfers from the Office of the Commissioner, Restricted Funds of \$296,200 and from the Office of Financial Management, Restricted Funds of \$1,521,600 in fiscal year 2005-2006.

"Flood Control Matching Fund Project Review: The Governor's Office for Local Development shall transmit a copy of the application for a flood-related project to be funded from the flood control matching fund to the Environmental and Public Protection Cabinet with a request for a review of the project pursuant to KRS Chapter 151."

"Community Economic Growth Grant Program: Included in the above General Fund appropriation is \$468,000 in fiscal year 2007-2008 to provide new debt service for the Community Economic Development Program as set forth in Part II, Capital Projects Budget, of this Act. The grant program is created to assist counties, cities, local health departments, special districts, or local school districts with funding of projects that will enhance the economic development of their community.

Notwithstanding KRS 45.229, any funds remaining at the end of a fiscal year shall not lapse and shall be available for expenditure in the subsequent fiscal year.

Moneys in the fund shall be used for capital projects that contribute to community or industrial development in the Commonwealth. Capital projects eligible for financing out of the fund may include but not be limited to:

- (a) The construction, reconstruction, renovation, and maintenance of buildings and other improvements to real estate and the architectural, engineering, legal, and other expenses required;
- (b) The acquisition of real property and interests in real property;

Any county, city, local health department, special district, or local school district governing body shall submit proposals through its Area Development District for consideration by the Commissioner of the Governor's Office for Local Development. The Area Development District shall review each proposal and forward the proposal to the Commissioner of the Governor's Office for Local Development for final consideration and action.

Project proposals shall include: a detailed description of the project; a statement of the public benefit derived from the project; design plans and specifications, if applicable; an itemized estimate of the cost of the project; source of other funds or in-kind match; and other information that the Governor's Office for Local Development may require.

BRANCH BUDGET

The State/Executive Branch Budget Bill continues services and statutory programs in fiscal biennium 2006-2008 based upon extending the reduced fiscal year 2005-2006 funding level as revised by the Governor's fiscal year 2005-2006 Budget Stability Initiative. This initiative is projected to contribute \$142,500,000 to the General Fund during fiscal year 2005-2006.

The State/Executive Branch Budget Bill, Part IV, State Salary/Compensation and Employment Policy addresses increments, retirement, health insurance, and personnel complement.

The State/Executive Branch Budget Bill, Part I, Operating Budget includes language provisions that direct:

"Auditor's Scholarships: Notwithstanding KRS 43.200, no funding is provided for Auditor's scholarships."

"Audit Services Contracts: No state agency shall enter into any contract with a nongovernmental entity for an audit unless the Auditor of Public Accounts has declined in writing to perform the audit or has failed to respond within 30 days of receipt of a written request. The agency requesting the audit shall furnish the Auditor of Public Accounts a comprehensive statement of the scope and nature of the proposed audit."

"Audit Records and Status Reports: The Auditor of Public Accounts shall report in writing each 60 days to the Interim Joint Committee on Appropriations and Revenue the progress of all state audits, together with copies of all completed audits. The Auditor of Public Accounts shall maintain a record of all time and expenses for each audit or investigation."

"Charges for Federal, State, and Local Audits: Any additional expense incurred by the Auditor of Public Accounts for auditing Federal Funds, when the audits are mandated by a cognizant federal audit agency, shall be charged to the audited agency when the costs may be charged against Federal Funds. The Auditor of Public Accounts may increase the audit fees for conducting county audits if additional revenues are needed to continue the operation of the office. The Auditor of Public Accounts shall maintain a record of all costs and expenditures associated with this provision.

Each quarter, the Auditor of Public Accounts shall notify the Finance and Administration Cabinet concerning the collection status of the fees charged for county audits. If a county government is delinquent in its payment to the Auditor of Public Accounts, the Finance and Administration Cabinet shall withhold any moneys due that county government for the term of 120 days or until the Auditor of

Public Accounts has received full payment from the county. The Auditor of Public Accounts may increase the audit fees for conducting county audits if additional revenues are needed to continue the operations of the office.

The "Single Audit Act of 1984" and the "Single Audit Act Amendments of 1996" (OMB Circular No. A-133) have changed the method by which federal moneys to state agencies are audited. As a result of this federal change, the Auditor of Public Accounts is budgeted to receive additional Agency Receipts which shall be allotted by the Governor's Office for Policy and Management for programs authorized in the enacted budget for the Auditor of Public Accounts by the 2006 General Assembly, subject to the conditions and procedures provided in this Act.

Any expenses incurred by the Auditor of Public Accounts for auditing a state or local government agency or other entity upon its request, or for performing an audit required by statute unless the audit is required by those standards governing the audit of the Commonwealth's Comprehensive Financial Report or the provisions contained in the "Single Audit Act of 1984" and the "Single Audit Act Amendments of 1996," shall be charged to the agency or entity audited.

Any expense incurred by the Auditor of Public Accounts for auditing individual governmental entities shall be charged to the agency receiving audit services when expenses are mutually agreed upon or when a legislatively mandated study by the Auditor of Public Accounts has determined the need for the audit."

"Compensatory Leave Conversion to Sick Leave: If the Auditor of Public Accounts determines that internal budgetary pressures warrant further austerity measures, the State Auditor may institute a policy to suspend payment of 50 hour blocks of compensatory time for those auditors who have accumulated 240 hours of compensatory time and instead to convert those hours to sick leave."

"Auditor Salary Equity: Included in the above General Fund appropriation are funds to provide an increase to each merit classified auditor within the Auditor of Public Accounts office to be added to the eligible employee's base salary effective July 1, 2006. The Secretary of the Personnel Cabinet shall take such action to develop a revised classification and salary compensation schedule to implement this provision in consultation with the Auditor of Public Accounts to be effective by July 1, 2006. This salary increase shall be in addition to any salary increase provided to state employees included in this Act."
